Xtract Performance proprietor Shane Sussman is teaming up with Damien Mitchell for their first ever taste of Off Road Racing in the Wittitrin 200 this weekend.

Sussman has owned the Hornet Buggy the pair will compete in for some time. The buggy was purchased from Scott Wells, after it enjoyed much success in the hands of Graeme Julius and Vince Evans.

The green machine has been given a good freshen up, and has additional sponsorship from PRD Nationwide Real Estate West Kempsey and Kempsey Locksmiths.

Competing in the Sportsman Class, catering for low budget teams, the Sussman / Mitchell combination are looking forward to their first Off Road race.

Although new to Off Road Racing, Sussman has competed in motorkhana and tar track racing, and is confident of a good performance. at Wittitrin.

A Suzuki Twin Cam G13b engine will power the buggy around the track.
