<b>KEMPSEY 250</b> <b>24/25 May 2014 at WITTITRIN</b> Round 4 NSW Off Road Championship : Round 1 Premier Long Course Series		

## Newsletter #2 – 18<sup>th</sup> May 2014

Welcome to our 2<sup>nd</sup> Newsletter for 2014....

The year commenced with our **Club Presentation Dinner** on 8<sup>th</sup> February. A great night was had by those who attended, with Derek Rose making the trip from Warialda in order to receive his award for being crowned the 2013 KMORC Club Champion. 2013 was a big year for Derek, managing to defend the NSW Title he won in 2012 (although in 2013 he had to share the number one position with Glenn Hoffman!). Derek has started 2014 well, with outright victory in Round 1 of the NSW Off Road Championship, followed by 6<sup>th</sup> outright at Dondingalong in Round 2, and another 6<sup>th</sup> at Crookwell (Round 3).

Our **Dondingalong Round of the NSW Series (the Jim Anderson Earthmoving Off Road Challenge)** on March 22/23 was well supported again, and the racing was top class. The records will show that a UTV (Iain Hughes / Phil Bell) finished 1<sup>st</sup> outright but at one stage it looked like UTV's may have finished 1,2,3 (only stopped by a late charge by Howard Rose / David Artwig in their Pro Buggy). The Dondingalong track seems well suited to the UTV's, and the growth of the class shows no signs on waning. It will be interesting to see how the UTV's perform in this year's Wittitrin (Kempsey 250) race where one finished 5<sup>th</sup> outright in 2013, and 3<sup>rd</sup> outright the previous two years.

Talking of Wittitrin, the 'behind the scenes stuff' (track prep etc) has been going on for months ahead of the **Scotts Hydraulic Services supported Kempsey 250** to be held on May 24/25. The race format is the same as in 2013 and Sup Regs can be downloaded from the [www.kempseyoffroadracing.net](http://www.kempseyoffroadracing.net) website now. The Kempsey 250 is a tough race to win, with the terrain at Wittitrin being a real challenge to master. When you add in unpredictable weather conditions, it's easy to see why the Wittitrin race has seen so many different winners from different classes! In 2013 Chris Levi / Len Levi (Super 1650 Buggy) stormed to victory to make amends for having car issues in 2012 while leading.

We could not hold the Wittitrin race without the consent of the land owners (Dallas and Peggy Kemp, Michael and Brigette Kemp, Guy and Lisa Austin) so special thanks to each of

those people, for their continued support of our club and the sport. Thanks also to Scotts Hydraulic Services and Jim Anderson Earthmoving (and all of our sponsors listed in this Newsletter) for their support of our club.

As part of the lead up to this year's Scotts Hydraulic Services Kempsey 250 the Macleay River Hotel at Frederickton (one of our newest sponsors) is hosting a **'meet and greet' type function on Wednesday evening May 21 from 5.30pm**. Be sure to get along if you can, as many KMORC racers will be present and displaying their machines.

**Friday evening May 23 (5.30pm to 8.30pm) will see Final Scrutineering** undertaken at the Kempsey Showground. Admission is via gold coin (to aid the Showground Trust in upkeep of the facility) and the Kempsey Sporting Car Club and Kempsey Mower Racing Club will both have mobile displays in the arena. There will be jumping castles for the kids, and hot food available.

Hope to see everyone at the Scotts Hydraulic Services Kempsey 250. Be sure to check our website for the latest news in the days leading up to the event.
